## Bali Huts

Do it yourself! what you will receive:

- All timber roof frames are **Structural Grade F7 Australian Treated Pine timber**, cut to size and flat packed
- All timber is pre-stained in your choice of 3 colours **Merbau (brown), Redwood, and Traditional (dark brown)**
- 4 posts, 200mm round or 150mm square, stained. Please note that posts are not cut to size to allow for differences in land slope when placed in the ground
- All roof frames manufactured for **40° pitch** ensures water run off
- Bags of "A" Grade **Alang Alang White String** thatch imported from Bali, ready-woven onto bamboo battens
- **Genuine Balinese Terracotta** dress pieces for the roof
- **6 Bags of cement**
- **High Quality Galvanised fixings**
- **Rafters marked for thatch spacings at 80mm apart, ensures water proofing**
- **All rafter spacings pre-marked and numbered for easy rafter placement**
- **Pre made hips**
- **Built up ridge lines to provide even more waterproofing**
- **Detailed instruction manual and phone support**
- **Generic Engineer drawings**
- **All Gazebo Style Bali Hut DIY kits are constructed to Australian Standards, manufactured by a licensed carpenter**
- **25 YEAR GUARANTEE against rot, termites and decay on timber frame and posts.**
- **5 YEAR GUARANTEE on workmanship and manufacture.**
